The **MAGNUM** slat profile is the latest in security and storm shutter profiles. Due to its small housing sizes and high ratings, the slat has gained much popularity for security and storm prone areas.

Slat Retention Lock Tracks

Our one-of-a-kind "end retention system" eliminates the need for storm bars. This patented technology allows for SMOOTHER, QUIETER shutter operation.

- 20 ft tall max shutter height
- Snap in screw cavity cover

Stand out features for MAGNUM

- Efficient roll diameter
- Patented roll shutter system
- Florida building codes approved
 - Approved on concrete and wood
- Converts balconies into hurricane safe rooms
- Store furniture in your safe room during a storm
- See through option no more dark rooms
- Ideal for large openings
- Slim line and commercial lock options

Slat view options

- 3 view through options
- **Solid**
 - "Default" no windows
 - **Window**
 - Large 4" wide window
 - **Perforation**
 - House pattern perforation

Small Housing

Aluminum housings with powder coat finish are standard for our Magnum system. Including an industry leading material thickness, giving you a housing to last years.

- 24 ft wide max shutter width
- 5.5" - 12" Housing cassette sizes, depending on height
