

INTRODUCTION

ModernaHS is for a super life. Our continuous research and development leads to offer unique solutions like bullet proof and hurricane proof and thermal insulation and so on with many innovative features, which totally meet the needs of our customers. So, you aren't just installing windows and doors. You're installing excellence.

With 15 years of experience, superhouse is one of the most advanced companies in China and in the design & production of aluminium doors & window products by meet AS2047 Standard, NRFC Label, NOA...

- ✓ Meet Australia 2047 Standard
- Meet Australia bushfire BAL Standard
- ✓Meet Australia AS2208 Standard
- ✓ Meet Acoustic 42DB
- Meet Bullet Proof UL L3 Standard
- Meet CSA AAMA 101 Standard
- ✓ Meet Florida Products Approved
- ✓Meet USA NFRC Standard

INTRODUCTION

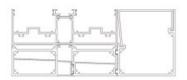

SP146

SLIM SLIDING DOOR SPECIAL LINE

Our 146 series with 2cm edge simplification has a huge view. Abandon the traditional thick and heavy frame of moving door, the minimalist push and pull is more close to the natural environment Nearly.

Higher glass to aluminum frame ratio, heat insulation performance system effectively improved. Hidden under the Rail - with roller bearing, single fan load up to 500KGS. Could meet 3000*3000mm Per panel size.

SP86 BULLET PROOF SPECIAL LINE

Our special line means bullet proof and hurricane proof, bullet proof meet USA UL L3 & L5 Standard, and hurricane proof meets USA florida building approved. Which system are with reinforcement steel insde and with bullet proof glass. Which system are popular used in hurricane zone and the Ambassy and army zone.

SP100 SLIDING DOOR COMMERCIAL LINE

SP100 Sliding door system, it could be equipped with triple glass to realize better sound insulation and energy-saving. This system is equipped with heavy duty could load maximally 300kg weight, it could create smoother and more reliable operation experience for users during the repeated opening and closing. Available with stainless steel mesh and could meet 600 pa water panastration. Popular used in Australia Market.

SP100 HINGED DOOR **COMMERCIAL LINE**

SP100 Chain winder windows could be equipped with double or triple glass to realize better sound insulation and energy-saving. This system is with Australia local 125mm limited opening restrictor Available with stainless steel mesh or flyscreen . And with Australia standard and with 450 pa water panestration and popular used in Australia Market.

SP100 door is our classic model, avaiable with high doorsill and low doorsill. Also match to crimesafe door for bushfire. And with available of stainless steel handle. Which also win Florida Products Approved ,popular used for univerity and hotel.. so on commerical application.

SP115 BI-FOLDING DOOR COMMERICAL LINE

Our SP115 Bifolding door could meet design of 220;330;431;550;543;633;651;743 and so on , and also could with retractor flyscreen. And with heavy duty hinge and meet 2800mm to 3000mm H. With Straight sash to improve aestheticssash . Also It is the flagship prduuct in Moderna HS system.

SP130 CLASS LOUVRE COMMERCIAL LINE

Our SP130 louvre is also very popular for Australia market and which could be with the flyscreen and also SS mesh. And available for 6mm glass and 6.38mm glass. And it is the flagship product in ModernaHS system. And which pass 150 pa water penetration for the AS2047 Standard.

SP80 Hinge door STAR LINE

Our P80 System is excelent heat insulating function, which belong to our star system with very high quality and with kick plate. It could realized inwards opening, outwards opening, low doorsil and high doorsill. With design of lilt & sliding door, and bi-folding door. Also there are different kinds of hardware to choose and it could meet C and U Groove with multi point locking system.

excelent heat

SP80
TILT&TURN WINDOW
STAR LINE SYSTEM

Our P80 System is excellent heat insulating function, through the adoption of 35mm thermal insulation aluminum profile, it could keep the K-value less than 1.3w/m.k. It could not only satisfy users' strict requirement on physical function, but also is the flagship product in ModernaHS system.

SP153T SUPERLINE SYSTEM STAR LINE

Our SP153T System is a sliding and lift&sliding door With excellent thermal insulation. The perfect design maximizes glass area and enhances comfort. which system has a small threshold scheme to facilitate access to buildings. Auto-start solution ensures maximum comfort. The lift&sliding door can accommodate large-sized glass doors weighing up to 400 kg. Which meets the requirements of Class 2 anti-theft performance
